

*"If people let government decide what foods they eat and what medicines they take, their bodies will soon be in as sorry a state as are the souls of those who live under tyranny." – Thomas Jefferson*

# **CODEX ALIMENTARIUS**

is an insidious threat to health freedom.

It gains power from our silence.

## **WHAT IS THE CODEX THREAT?**

"Codex Alimentarius" means "food rules" in Latin. The organization was born in 1962 when the UN established the Codex Alimentarius Commission as a "Trade Commission." It was created to regulate, and thus control, every aspect of food and nutritional supplement production and sales. It has declared nutrients to be "toxins" and will ban virtually all effective, high-quality natural supplements. It is **solely** about trade and the profits of multi-national corporations.

## **WHO BENEFITS?**

### **BIG PHARMA**

Drug companies make huge profits on drugs when natural nutrients are unavailable

### **BIG MEDICA**

Pro-illness industry thrives when the public is denied health resources

### **BIG CHEMA**

Toxic chemicals are used in increasing amounts on foods and fields

### **BIG AGRIBIZ**

Growers are **REQUIRED BY LAW** to use antibiotics, drugs, hormones, vastly increasing profits for agri-corporations

### **BIG BIOTECHNA**

Untested Genetically Modified Organisms (GMO's) become legal worldwide, unlabeled

## **WHEN?**

Codex will go into GLOBAL effect on December 31, 2009, unless we, the people, take action. Right now, we are like frogs being boiled slowly, adapting to the heat so we won't jump out of the water. The media is being used to tarnish the image of natural health options, making us believe that Codex is about "consumer protection." On the contrary, widespread under-nutrition will result in increases in all types of disease worldwide.
